

2022 ANNUAL REPORT

918 East 9th St • Kansas City, MO 64106
www.restartinc.org

Looking ahead

The year 2022 brought with it inflation and the war in Ukraine. However, we also saw the appointment of the first black, female Supreme Court Justice and an all-female referee team at a men's World Cup match. Locally, Kansas City has had many wins, including another Super Bowl and a successful hosting of the NFL Draft. reStart Inc. is committed to riding the wave of progress by not only continuing the programs and services we currently provide, but also by leaning into the development of more affordable housing for low- and extremely low-income families and individuals.

We welcome your partnership and advocacy in all forms! Please do not hesitate to reach out at info@restartinc.org for more information, a tour, or scoop on **Homecoming 2023: The Road Home** in November!

ending homelessness.

empowering people.

inspiring hope.

Update from the CEO

In 2022, with a passionate staff, dedicated volunteers, and invested donors, reStart Inc. met the needs of almost 2,800 of Kansas City's most vulnerable youth, families, individuals, and veterans with no home. We remain committed to our mission "to empower all people facing or experiencing homelessness by providing housing and services that inspire hope."

Stephanie Boyer, CEO
reStart, Inc.

Each January, we engage with a number of other organizations in the Point in Time Count across the metro to count the number of people on the street and in shelter who are experiencing homelessness. The numbers influence the amount of HUD Funding that may come to our region, while also providing data on subset populations and overall numbers and trends. It is highly concerning to report that the number of our neighbors navigating homelessness in Kansas City increased by 31%. With staggering inflation on things like food, fuel, utilities and housing, this increase should not surprise us.

This real time data demands that we continue to pursue our mission with excellence in mind. In addition, it sheds light on how critically our community needs affordable housing for the low and extremely low-income households. Having adequate safe, stable housing that is affordable to the lowest income levels allows us to help guide residents to safe housing options so that they never have to experience homelessness.

Our strategic plan calls us to continue our current work with emergency shelter, transitional living, wrap around services and permanent housing; while committing ourselves to our vision of ending homelessness in Kansas City. With innovative community leaders, supportive neighborhoods, and committed individuals and organizations alongside us, we can prioritize affordable housing and end homelessness!

Our 2022 Impact

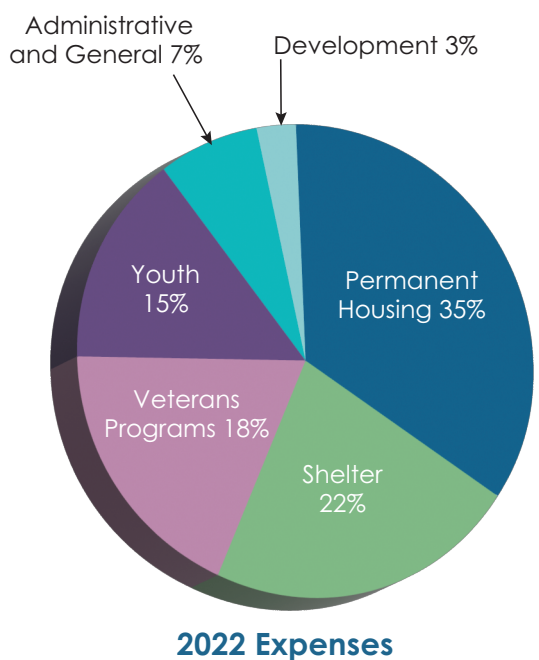

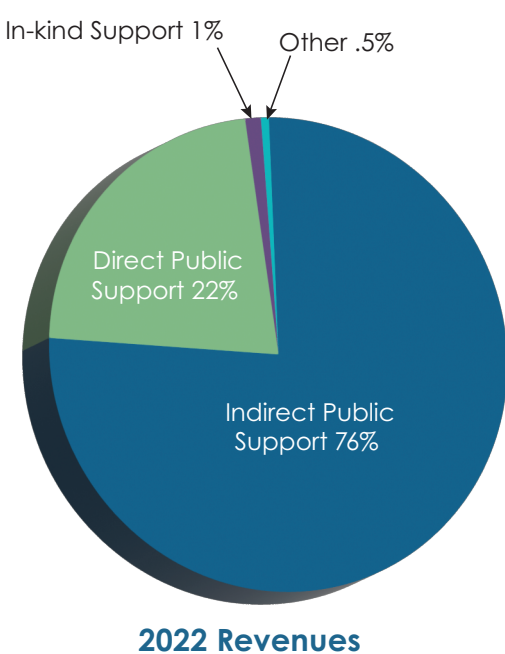

-  We served 85,675 meals on an average monthly budget of \$3,000.
-  We placed 494 individuals in permanent housing.
-  We diverted 1,045 people from homelessness.
-  We placed 49 families in permanent housing.
-  We provided employment services for 269 individuals.
-  We served 202 veterans.
-  We provided 121,333 nights of shelter.
-  We provided 11,071 hours of case management services.

The comprehensive way we approach our work results in very positive outcomes!

90% of people we serve exit to safe, stable housing

We take pride in being inclusive, serving all families, adults, youth, teen and young adult parents, persons living with HIV/ AIDS, and veterans.

2022 Financial Review

reStart realized \$7,893,371.94 in income in 2022
